

TalkToExpert

Turn experience into knowledge your team can use.

Capture unwritten know-how in guided conversations.
Turn it into structured drafts, reviewed by your team
before it enters your knowledge system.

Your experts. Their context. Your approval.

A Know-how in one mind

"The manual doesn't cover
what I do in this case."

Interview. Structure. Review.

Guided questions capture context.
Your team reviews the draft.

B Knowledge in your system

Approved guidance for answers,
onboarding and everyday work.

Start with one topic, a few experts and a real knowledge gap.
